June 2014

Welcome to the AMA Pro Road Racing SUBWAY SuperBike Doubleheader!

Road America is proud to be celebrating its 59th season in 2014 and equally proud to welcome back the AMA Pro Road Racing SUBWAY SuperBike Doubleheader to our facility. Little did our founders know that their passion for road racing would later be shared with motorcycle racers as far back as 1980.

A well-established relationship with AMA Pro Road Racing has brought the nation's fastest riders to our track for years and fans can expect a weekend full of doubleheaders in four AMA Pro Road Racing classes. In a way, Road America is a living museum because riders who race here are following the same racing lines of legends. History is made at Road America nearly every weekend throughout the summer. With all this action, unparalleled history and unspoiled beauty we like to say, "come for the experience and stay for the race."

Wisconsin has a vast motorcycling community and we appreciate your loyalty and support of our races, our Road America Motorcycle School and all of our corporate sponsors. We are especially proud that Wisconsin SUBWAY restaurants are returning again, as their partnership is a perfect fit for this event, our facility and for AMA Superbike fans.

We also want to remind fans of Rockerbox, the premier Wisconsin motorcycle show featuring an eclectic mix of Euro, Japanese and American vintage café racers, choppers, sport bikes, racing machines, super motos, scooters, and sidecars is going to be at Road America this year in association with The American Historic Racing Motorcycle Association (AHRMA) Vintage Motorcycle Classic, June 6-8. The Rockerbox event includes a ride-in bike show and competition showcasing the greatest in classic style, fresh customization, plus all that is unusual and incredible. All makes and models of bikes are welcome, and spectators will find hundreds of bikes competing for space with dealers and vendors of all things motorcycling.

Many of you are camping and it's great to see you make the most of America's National Park of Speed! On behalf of the Road America Board of Directors and staff, we thank you for your loyalty and wish you a fantastic weekend of racing and camaraderie with your fellow two-wheeled racing enthusiasts.

Sincerely,

George Bruggenthies
President and General Manager

Career Highlights: 2013 – Finished 3rd in final AMA Pro Superbike point standings with 13 Top 5s and two victories (Daytona RZ, Miller R1). Raced for Yoshimura Suzuki. 2012 – Returned to AMA Pro Daytona SportBike and captured his second championship. Won eight rounds and took five pole positions. Raced for GEICO Suzuki. 2011 – Contended his first AMA Pro Superbike season, finishing the year fourth in the point standings with nine Top 5s, including a win in Race 2 at Barber. Raced for M4 Suzuki. 2010 – Won the AMA Pro Daytona SportBike Championship (his first career AMA Pro national title) via nine victories and four additional podium finishes. Raced for M4 Monster Energy Suzuki. 2009 – Cardenas emerged as a serious title contender in his first season of AMA Pro Daytona SportBike competition, winning seven races – Road Atlanta, Barber (2), Sonoma (2), Road America, Topack – and earning 10 podiums to finish third in the point standings. An injury in a VIR crash quelled his title hopes but Cardenas proved his toughness by attempting to race despite a compound fracture. Raced for Team M4 Suzuki. 2008 – Finished seventh in Formula Xtreme, despite missing two races, on the strength of six top-four finishes. Closed the season with three third-place showings and fourth in the MRLS finale. Missed three races but still managed to finish 11th in AMA Supersport for the second year, highlighted by a second-place finish at Mid-Ohio and fourth at Road Atlanta. Also partnered teammate Chris Ulrich to win the AMA Pro SunTrust Moto-GT 8 Hours of Daytona. Raced for Team M4 Suzuki. 2007 – Raced in AMA Supersport, earning podium finishes at Miller, Virginia and MRLS to finish 11th in the points championship. Also raced Formula Xtreme, earning a podium finish at Road America. Raced with Team M4 Suzuki but also made limited AMA Pro Superbike starts with Tacoma Kawasaki, earning three top-15 finishes. 2006 – Competed in 250 MotoGP for Spanish Team Honda BDR and was later picked up by Repsol Honda only to suffer a broken collarbone in his first race weekend that slowed him for the rest of the season. 2005 – Raced in 250 MotoGP for Team Aprilia Germany. 2004 – Won the SuperSport Championship in the Spanish CEV National Series with Promo Racing. 2003 – Finished seventh in Spanish CEV series on a Luis d'Antin Yamaha while also winning the Latin American SuperSport Championship in his native Colombia. 2002 – After a successful tryout in 2001, landed a fulltime ride in Spanish CEV. **Early Career** – Began racing in motocross in his native Colombia at the age of 11 and went on to win several 125 championships. First came to the U.S. and turned pro in 2000.

VETERAN RIDER ZEMKE

HAS GREAT AFFECTION FOR ROAD AMERICA, WISCONSIN

leave and I've got a smile on my face."

Zemke will compete in the AMA Pro Road Racing Subway SuperBike Doubleheader riding the GEICO Motorcycle Honda in the Daytona SportBike class.

As a rider who has competed all over the world, his praise for Road America is real.

"Road America has always been one of my favorite racetracks," Zemke said. "There's nothing quite like it here in the States. It's four miles long, it has three wide-open straightaways. All the trees that overhang in the back make for a scenic view. It's just a cool place."

Zemke compared the famed Road America track to another long road course in Italy.

"It definitely has a different feel to it," Zemke said. "It's almost more European. When I went and raced in Monza, Italy, Road America reminds me a lot of that because of the speed and flow of the track.

"It's a real, true road course. The modern racetracks, more and more, are going away from that, whereas Road America is a true, natural road course. There's nothing quite like it."

And the fans in Wisconsin are second to none, Zemke added.

"The fans up here are awesome," Zemke said. "We get a lot of Canadians coming down as well. It's just a great atmosphere. You go around in the infield, and there are people camped out everywhere. There are families and friends, and when fans walk through the pits, there's just a relaxed feeling about the place.

"Everyone is real friendly, and they're happy we're here and they're happy to be here."

The fans, like the surroundings from winter to spring to summer, change colors, too, Zemke said with a laugh.

"Usually, you watch people turn from a nice, pale, pasty white into a glowing red by the end of the weekend," Zemke said. "They'll all be sun-burnt, but it's a great time. The fans here are great; yet another reason it's a race I always look forward to every year.

"It's definitely one of my favorite tracks in America. If it's a track you haven't been to, it's definitely one you should go see."

One of Zemke's fondest memories of Road America came in 2009, when he battled Martin Cardenas for the victory in the second of two Daytona SportBike races that day.

"Myself and Martin Cardenas had a knock-down, drag-out race," Zemke said. "That's when we were doing the rolling starts, and I had come up from 10th place on the grid. Martin had gotten away in the beginning of the race, and I had to run him down. It was a blast."

Zemke caught him in the closing laps, and the two riders put on a fierce battle for the lead, much to the delight of the fans.

"It took me a while to get up to him, and it definitely burned off my tires, but once I got up there, we still had this knock-down, drag-out race on the last lap," Zemke said. "I think the lead changed probably eight times on that lap alone.

"It was memorable because I ended up getting second, and I don't like getting second. I'll have to try to fix that this year."

If Zemke does pull his GEICO Motorcycle Honda into Road America's victory lane, he promises to break his strict training diet for a Wisconsin staple: Cheese curds, bratwurst, and beer, which are traditional to the state but not exactly on Zemke's regular menu.

"I stay away from the cheese curds, though I might have to bring some home to my mother-in-law," Zemke said. "I'm trying to keep to a training diet, and I don't think brats and cheese curds and beer are in that diet."

But should he win, Zemke won't mind going off his diet for one day.

"Moderation is the key," Zemke said. "I'll let myself have one brat if I win."

Without a doubt that brat would taste as sweet as ever for a rider who loves coming to Road America

AMA PRO ROAD RACING

Is JOSH HAYES A Cheesehead?

Three-time AMA Pro SuperBike Champion Josh Hayes was born in Gulfport, Mississippi. That's about as far due south from Wisconsin as you can get--1,043 miles from Road America, to be precise.

Josh now lives in Oceanside, California, near San Diego, which is about as far southwest from Wisconsin as you can get--2,112 miles from Road America, if Josh were to pedal his Cannondale bicycle from home to here.

But, proximity to America's Dairyland doesn't necessarily define a Wisconsinite. After all, three of Josh's southern California-based Monster Energy/Graves/Yamaha crewmembers are long-time Packers Backers.

Josh's crew chief Jim Roach is from Fond du Lac. Jim went to Goodrich High School, and his parents still live in the same house that he grew up in. Jim also married a woman from Brookfield.

Josh's chassis man Steve Roach is from Suamico (where Aaron Rodgers currently lives, as if you didn't already know that). Steve went to Bay Port High School in Howard, and he grew up riding snowmobiles in the Suamico area and as far north as Hurley.

Josh's data/electronics man Vittorio Bolognesi is a Wisconsinite, although you can hardly tell from his name or accent. Even though Vitto is from Mandrio, Italy, and currently lives in Huntington Beach, California, he married a woman from Howards Grove who went to Marian College to become a Registered Nurse. Vitto and his wife make frequent trips back to Wisconsin so that their two young sons can get in some quality time on their grandparents' 300-acre dairy farm just outside of Howards Grove.

The team is tight-knit like a family, and when Josh joined Yamaha in 2009, the three Wisconsinites soon adopted him like a brother, which is one big reason why he feels so comfortable when he makes his annual pilgrimage to Elkhart Lake for the Subway Superbike Doubleheader at Road America.

To say that Josh Hayes is comfortable at Road America is an understatement. He loves the place and considers it his favorite track on the AMA Pro Road Racing schedule.

And, why wouldn't he? Pretty soon, they're going to have to start calling Josh "Mr. Road America" in the same way that Scott Russell is known as "Mr.

Daytona." Just in the past four years alone, Josh has won a total of six AMA Pro SuperBike races at Road America. Those victories include a Race 1 win in 2010, a Race 2 victory in 2011, and in 2012 and 2013, Josh did the double for two years in a row, winning both SuperBike races each year. He also holds the track record in SuperBike, with a blistering lap time of 2:11.333 set in 2012.

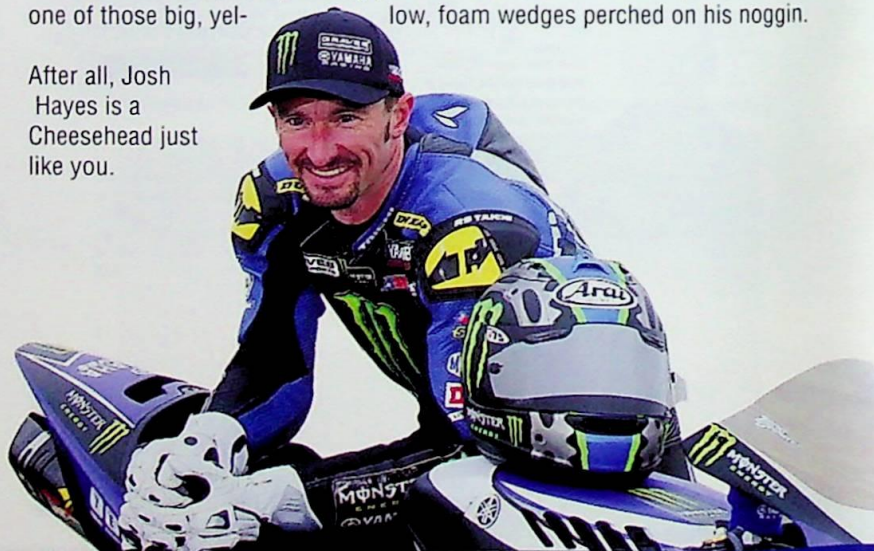

This year at Road America, Josh is not just riding his formidable #4 Monster Energy/Graves/Yamaha YZF-R1 SuperBike, but he's also surfing atop the prodigious crest of a five-race winning streak on the 14-turn, 4.048-mile road course.

When asked about Road America, Josh says, "It's like home to me. I'm really comfortable here, even though I'm a long way from my house in Oceanside. Road America has everything: top speed, changes in elevation, and hard braking. I like long tracks and fast road courses, and Elkhart is it."

Make sure you take the time to meet Josh during this weekend's Subway Superbike Doubleheader. He's your kind of guy: friendly, a good sense of humor, a Wisconsinite...and a very talented motorcycle racer.

If it weren't for the Arai helmet protecting him on track, and the Monster Energy/Graves/Yamaha cap that makes up part of the team apparel that he wears while off the track, he'd probably just as soon walk around the paddock with one of those big, yellow, foam wedges perched on his noggin.

After all, Josh Hayes is a Cheesehead just like you.

IT'S RIDING SEASON. MAKE EVERY DAY COUNT.

ROCKERBOX MOTOFEST MOVES TO ROAD AMERICA DURING AHRMA VINTAGE MOTORCYCLE CLASSIC WEEKEND

Wisconsin's premier motorcycle show, The Rockerbox Motofest, featuring an eclectic mix of Euro, Japanese and American vintage café racers, choppers, sport bikes, racing machines, super motos, scooters, and sidecars is making an official move for the future. Instead of its usual Milwaukee home, the event is making the trek 60 miles North to America's National Park of Speed as part of Road America's American Historic Racing Motorcycle Association (AHRMA) Vintage Motorcycle Classic, June 6-8. The Rockerbox Motofest includes a ride-in bike show and competition showcasing the greatest in classic style, fresh customization, plus all that is unusual and incredible. All makes and models of bikes are welcome, and spectators will find hundreds of bikes competing for space alongside dealers and vendors of all things motorcycling.

"The Rockerbox Motofest was forged a decade ago for one simple reason, to come together and marvel in all things motorcycle," said Scott Johnson, founder of the Rockerbox Motofest. We may be the home of the HOG, but this festival is open to all. From choppers to racers, scooters to sidecars, the Rockerbox Motofest continues to attract bikes of all makes and styles and we are thrilled to pass the torch to Road America who will be hosting the event during the AHRMA Vintage Motorcycle Classic. In short, it's a perfect fit -- great vintage and alternative modern racebikes on the track surrounded by great people, vendors, food and demonstrations in the paddock. It will be the ultimate experience for motorcycle enthusiasts and a true summer destination for years to come."

The AHRMA Vintage Motorcycle Classic at Road America is quickly becoming popular with competitors as the mystique of racing at Road America brings AHRMA racers from around the world. AHRMA is celebrating its 25-year Silver Jubilee in 2014 and the popular series features vintage racebikes ranging from rigid-frame Harley and Indian hand-shifters all the way to the early '90s

Superbikes. The organization also features "alternative modern" single, twin, and three-cylinder racebikes, such as Triumph Daytonas, Ducati Panagales and Wisconsin-made EBRs. If a century's worth of two-wheel machinery isn't enough, there's also vintage racing sidecars and even an exhibition class for electric motorcycles.

"There's nothing quite like the plodding sound of idling flathead engines waiting for the green flag or the roar of open megaphones as British Twins come out of Turn 5 to make the climb up the hill and under the Corvette Bridge," said Road America president and general manager, George Bruggenthies. "From Indian Scouts to Manx Nortons, bevel-drive Ducatis to Honda CBs, it's hard to find an unrepresented part of motorcycle racing history. It's basically everything you would see in a museum, but here you

see them in action. Having the Rockerbox Motofest as a permanent fixture makes this event a can't miss opportunity for enthusiasts everywhere because now there is something for everyone and we encourage folks to ride-in, stay in our campgrounds and enjoy the full experience of the weekend."

Spectators are encouraged to attend on their cycles and event details; ticket pricing and camping information can be found at www.roadamerica.com or by calling 800-365-7223. Children 12 and under are free when accompanied by a paying adult. Parking, paddock access and grandstand seating are free with every ticket.

About Road America: Established in 1955 as the first permanent road racing course in the United States, Road America is located midway between Milwaukee and Green Bay in Elkhart Lake, Wisconsin. The world's best racers have competed at this legendary four-mile, 14-turn road circuit for over 55 years. The 640-acre, park-like grounds offer amazing viewing opportunities, fantastic concessions and high-speed excitement to hundreds of thousands of spectators each year. In addition to public race weekends, Road America offers a variety of group event programs, the Blain's Farm & Fleet Motorplex for karting and supermoto, and the Road America Motorcycle and Advanced Driving Schools. For more information, visit www.roadamerica.com. Follow Road America on www.facebook.com/RoadAmerica and on Twitter:

25 years on: It's still about the bike

In January of 1989, the paperwork was drafted, and the American Historic Racing Motorcycle Association, Ltd., became the member-owned, not-for-profit organization that we know today. In 2014, we celebrate our Silver Jubilee – that's right, we've been providing on-track classic-bike competition now for 25 years!

SILVER JUBILEE

On the road racing side, our program showcases everything from the pre-1940 bikes dominated in this country by American iron (but also open to the exotic European, even supercharged machinery), all the way up to the early-'90s Superbikes. It's a grand selection of genuinely-historic machinery, displayed on the track by very-talented "Clubman" riders, super-accomplished National-caliber pilots, former factory-backed riders, and even World Champions.

In addition to the classic classes, AHRMA offers the country's best selection of alternative modern racing, including Sound of Singles, Battle of Twins and Sound of Thunder motorcycles. And, new for the 2014 season, we're hosting an exhibition class of cutting-edge electric bikes! Our celebration tour visits 10 of the country's greatest venues, and will be experienced by tens of thousands of enthusiasts.

For riders who prefer to "do it in the dirt," AHRMA's comprehensive off-road program features vintage motocross, post vintage motocross, cross country, observed trials and dirt track racing. There will be over 90 races this season, all across the country, in a wide array of styles – AHRMA's racing series cover it all!

As we look back on the 25 years of AHRMA, we have to thank the many people who have made massive contributions to making it happen. From top to bottom, this is certainly a volunteer-based operation, and it can't be done without each and every one of them.

Our main function remains the same: Educating the people, while showcasing the greatest, most-interesting motorcycles on Earth, typically at speed, with riders who want to do it the old-fashioned way. Folks who might have missed the experience the first time around are still treated to the sights, sounds and smells of yesteryear at each of our events.

Amazingly, a quarter-century has passed, but we're running forward with as much gusto as ever. In celebration of the Silver Jubilee, our *Vintage Views* journal will be running various feature articles this season, having a look back at some of the organization's highlights (*Vintage Views* is included as just one of a number of membership benefits). To all past and current members, volunteers and hired-hands, thank you!
